## Bingo Bulletin

To: Bingo Licensees  
From: Missouri Gaming Commission, Bingo Division  
Date: January 8, 2003

**This bulletin contains new inserts for your bingo statute and regulation booklet.**

Changes to the regulations include:

**11 CSR 45-30.570 Price Reporting** – This is a new regulation which establishes price reporting requirements for manufacturers and suppliers of bingo paper and pull-tabs to facilitate compliance with section 313.025(2).

Please remove all pages under your index tab and replace them with the enclosed pages. Also, remove pages 17 through 20 under the bingo rule tab and replace them with the enclosed pages 17 through 20.

We have also enclosed a new cover page, which reflects the appropriate date of last revision. Please replace the cover page in your statute/regulation booklet with the enclosed cover page.

The bingo statutes and regulations are available on our WEB page at [www.mgc.state.mo.us](http://www.mgc.state.mo.us).

**Criminal Activities** - The Gaming Commission will take immediate action to revoke the bingo license of any organization found to be involved in any form of criminal activity. While illegal gambling may be the most common type of criminal activity found to date, we will not permit bingo and criminal conduct to coexist.

If you have any questions or concerns, please feel free to contact our office at the Missouri Gaming Commission, Bingo Division, PO Box 1847, Jefferson City, MO 65102, or telephone 573-526-5370 or toll free in Missouri at 1-866-801-8643.
